

SUPERVISORS HEAR REPORTS OF COUNTY OFFICIALS THIS MORN

HAMILTON TOWNSHIP ASKS AID
IN CONSTRUCTION OF TWO
BRIDGES THERE

SIX DREW BOUNTY ON WOLVES

Clerk Also Reports Payment of \$235
Bounty On Crows And
Sparrows

The Lee County Board of Supervisors convened at 9 o'clock for the morning session today and routine business was transacted. The report of the April grand jury was read, approved and accepted as were reports of Probation Officer W. H. Winn, County Treasurer J. E. Moyer, finance committee, County Clerk Dimick, Circuit Clerk Rosecrans and Sheriff Phillips. The single highway commissioner of Hamilton township made application for county aid in the construction of two bridges that are needed in that township and the matter was referred to the road and bridge committee.

Paid Out Bounties.

County Clerk Fred G. Dimick read his list of six persons who have received payment for bounties on the wolves killed in Lee county and the report also stated that he had paid out \$235 in bounties for crows and sparrows since the board of supervisors placed a bounty on these birds.

An application for county aid under the blind act of the state was made by W. F. Scholl, and was allowed.

Lee County To Be Sued.

The clerk read a summons that had been served upon Lee county by Ogle county. The two counties are at swords points over the construction and maintenance of county line roads and bridges. Ogle county has asked Lee county to appropriate approximately \$3,000 to add to a like sum appropriated by Ogle county and to be used on the roads and bridges on the county line between the two. The road and bridge committee of the Lee county supervisors recommends that this appropriation be refused, and the suit in the Lee county court is the result. Lee county intends to fight the suit and by vote of the board the matter was left in the hands of Chairman Morris Cook and States Attorney Harry Edwards.

Change Windows.

A spirited fight developed in the board meeting this afternoon on a motion of the county home building committee to change the plans and specifications of the new infirmary to provide for windows which work on pulleys, recommended by the architect and contractor. Several members of the board objected because of the extra cost of \$375, but by a 14 to 8 vote the change was authorized.

Mitchell Talks.

L. W. Mitchell addressed the board this afternoon telling of his research into the foot and mouth disease, its causes, etc.

BOARD PLANS SIDE WALKS AND SEWER

TWENTY-ONE BLOCKS OF PERMANENT WALK CONTEMPLATED IN DIXON.

A public hearing was held this afternoon on the scheme for a sanitary sewer on Ottawa avenue and the local improvement board abandoned the scheme. A new scheme was originated for a sewer on that street starting at the manhole at the intersection of Sixth street and running north to a point 90 feet south of the Third street intersection with Ottawa. The estimated cost is given at \$2668.59. Attorney A. H. Hanneken was appointed commissioner to spread the assessment as to benefits.

A new scheme was originated for about 21 blocks of sidewalks on both sides of the river. The estimated cost is placed at \$466.31. Attorney Martin Gannon was appointed commissioner to spread the assessment.

Suffrage Advocates Meet In Sectional Session At DeKalb

(Associated Press)
DeKalb, Ill., June 15.—Women from towns in the northern part of Illinois attended a conference here today arranged by the Illinois Equal Suffrage association. The gathering was primarily for members of the organizations affiliated with the state body, but the invitation was extended to include "all women interested in civic affairs." It was one of a series of sectional meetings that have been planned by the state leaders.

The morning session was devoted to reports from the affiliated organizations. Each was followed by discussions of the problems and suggestions

Autoists Will Meet This Evening; Plan Advertising Tours

All Who Will Donate Cars For
Thursdays Trip Are
Invited

The auto signs advertising the celebration to be held in this city July 5th, are now out and anyone contemplating a trip out of town can secure one of the signs to place on their car by calling on Charles Miller. It is hoped that all car owners will place one of the signs on their cars and thus materially help to boost for the big celebration.

Autoists Meet Tonight.

A meeting of all who will donate their cars to boost Dixon by taking some of the distributing crews out on Thursday, will be held at the Elks club at 7:30 o'clock this evening. It is desired that as many cars as possible make the trip, and those who have not been asked are requested to attend this meeting and assist in the good work.

RUNAWAY BOYS WERE CAUGHT AT NELSON

LADS FROM STATE SCHOOL AT
ST. CHARLES CAPTURED
MONDAY.

Two runaway boys from the St. Charles training school were taken from a westbound train at Nelson on Monday afternoon, were brought to this city on a speeder at about 7:30 o'clock and lodged in the city lock-up. They were returned to the school this morning by Parole Officer Rev. Jas. W. Friedrich of that institution.

The boys were Fred Harrison and Sanford Swanson, aged respectively 17 and 15 years. They had been at the school for some time and were considered trustees, being given more privileges than other boys. Monday morning when they thought they were not watched they made their get away. Their absence was soon discovered and it was learned later that they were seen to board a westbound freight train on the Northwestern railroad. Word was telegraphed ahead and they were found by the agent at Nelson.

HANS HANSON DIED EARLY THIS MORNING

PASSED AWAY AT HOME NORTH
OF CITY—FUNERAL
THURSDAY.

Hans Hanson passed away this morning at 8:30 o'clock at his home about three miles north of this city, after an illness of a number of months. The funeral will be held on Thursday at 2 p. m. at his late home, Rev. Altman officiating. Interment at Oakwood cemetery.

Mr. Hanson was born at Helsing, Denmark, March 8, 1839 and came to the United States about 45 years ago, having resided in Illinois for the past 41 years. His wife preceded him in death about nine years ago. He leaves to survive seven children: Charles and Frank of West Chicago; Daniel, Mesdames Fred Adams and Ray Springer, Dixon, and Miss Anna at home. He also leaves six grandchildren.

DECORATOR HERE.

W. L. Short, a Chicago decorator, met with the committee in charge of decorations for the Fourth of July celebration in this city this afternoon regarding the decorating of streets in the business district. He makes a specialty of decorating for big events all over the country and employs a crew of men during the summer.

G. H. Killmer, highway commissioner of Nachusa township, and Frank Foster were here today on business with County Supervisor of Highways L. B. Neighbour.

Mr. and Mrs. Elmer Knapp of Polo and Mr. and Mrs. Louis Scholl of Palmyra spent Sunday at the S. A. McGaffey home in Palmyra.

KILTIES BAND WILL PLAY AT ASHTON TWICE ON MONDAY;

FAMOUS CANADIAN ORGANIZA-
TION WILL APPEAR AT THEIR
CHAUTAUQUA

EXCELLENT PROGRAM SECURED

Congressman Kelley and Townsend
Concert Company For Sun-
day's Sessions

The Kilties band, Canada's most famous musical organization will appear next Monday at the Ashton Chautauqua, both afternoon and evening. This nineteen piece organization appears in full Scottish costume of kilt and plaid. They give an attractive program of old Scottish ballads and war songs, with a plentiful mixture of good "American music." The members of this band are all Scotch Canadians, and they have but recently completed a tour of the world, covering in all over 86,000 miles and playing in twenty different countries, often before royalty.

When on their tour of the world, the Kilties journey far up into the Scottish highlands and gave a concert before the King at Balmoral Castle. His Majesty declared that he had "never enjoyed" a band concert so thoroughly, and at his birthday celebration a few weeks later the Kilties were invited to furnish the evening's entertainment. Many of the selections which so pleased English royalty will be heard when the band appears at Ashton.

In addition to the regular band numbers given by the Kilties their program includes several selections on the Scottish bagpipe, the peculiar instrument of the Scottish highlands. Miss Jean Campbell well known as one of Canada's best sopranos, will appear as a soloist.

On Sunday of the Ashton chautauqua the Winifred Townsend Concert company will give two fine concerts afternoon and evening. At the evening session Congressman Clyde Kelley of Bradfield, Pa., will give a most interesting lecture on "Machine Legislation."

The feature of the first day, Friday, June 18, will be Montanelli's Venetian quartet, an organization of artists who have been engaged exclusively in giving concerts before New York's "409."

On Tuesday, June 22nd, the Stratford company headed by Mrs. Lulu Hatfield Solomon will give a program of popular music preceding the lecture on community life by Elias Persons. In the evening the Stratford company will again appear and will sing a portion of "The Mikado" in costume.

Ashton people who are backing the chautauqua offer to its visitors the finest talent that can be crowded into a five days' session. The Chautauqua committee has been well organized, and is made up of some of its most prominent merchants. That the chautauqua will be a success financially is known by the fact that the ticket committee has sold and delivered the 500 season tickets necessary to guarantee the program. There will be a big crowd at every session and Ashton stands ready to welcome its neighbors from surrounding towns.

HERMAN CONRAD WAS KILLED MONDAY MORN

WAS STRUCK BY FAST PASSEN-
GER TRAIN NEAR FLAGG
STATION.

Train No. 12 on the Northwestern road, eastbound, due in this city at 6:10 p. m., struck a rig on the crossing east of Flagg being driven by Herman Conrad, killing him almost instantly, at 6:40 o'clock on Monday morning.

Conrad, who lives near Flagg, had been to Rochelle and was returning home. As it was raining he had the side curtains down on the buggy and did not hear the approaching train as he drove onto the railroad tracks. The engine struck the rig squarely in the middle and demolished it, scattering fragments in all directions. Mr. Conrad had no chance to escape and his body was so badly mutilated that identification was almost impossible. The horse was clear of the tracks and escaped injury.

WILL HAVE PICNIC THURSDAY

Presbyterian Church and Sunday
School To Enjoy Annual Event

The annual picnic of the Presbyterian church and Sunday school will be held at Assembly park Thursday afternoon and evening and all members and friends of the church and school are invited. A special car will leave the corner of First street and Galena avenue at 1:30 o'clock. Supper will be served soon after 6 o'clock and all are asked to bring well filled baskets.

Tremendous Efforts Made to Save Leo Frank From Gallows.

It probably is no exaggeration to state that no man ever sentenced to be hanged received the benefit of as many appeals for clemency and pardon as Leo Frank, who was sentenced to death in Georgia for the murder of Mary Phagan, a fourteen-year-old factory worker. Frank was superintendent of the factory in which the little girl was employed. At the time of the trial it was claimed that the evidence against Frank was not complete, and that he was the victim of race prejudice. Frank is a Jew.

PROF HAGEN HAS BIG NUMBER OF CREDITS

NORTH DIXON SUPERINTENDENT
FILES REPORT SHOWING
435 CREDITS.

The teachers of the county are now filing their credit blanks with County Superintendent L. W. Miller as required by law covering the work done during the past year. The requirements are for one hundred credits for the year but in the sheet just filed by Superintendent H. H. Hagen of the north side schools he has a total of 435 credits. He doubtless will have the largest number of credits of any teacher in the county for the past year. Prof. Hagen has been an active worker in most of the teachers' institutes held in the county during that period.

SENATE PASSES BILL CHANGING PRIMARY ELECTIONS IN STATE

MEASURE PUTS PRESIDENTIAL
PRIMARY ON FIRST TUES-
DAY IN APRIL.

HOUSE PASSED MANY BILLS

Child's Delinquency Act Changed—
Prohibits Pictures Before
Conviction.

(Associated Press)
Springfield, Ill., June 15.—The senate today passed the Curtis bill changing the date of primary elections in Illinois. The measure places the date of presidential and preferential primaries on the first, instead of the second, Tuesday in April, the same date as the Chicago city elections and the township elections down state.

Under the terms of the bill congressional primaries, now held in September, are set for the last Tuesday in June. However, the provision placing the state primary in June was put in the senate bill as a tentative arrangement and may be changed when the measure reaches the house. The bill as passed by the senate provides that the names of candidates for president shall be printed above the names of the presidential electors for each candidate.

House Passes Bills.

The house passed the following bills: by Lytle, repealing the present child delinquency act and substituting a new one. It provides for a fine of \$200, a year in jail or both for persons taking a male under the age of 13 or a female under the age of 17 into resorts, pool rooms, saloons or gambling houses.

By Young, bill making uniform the law regulating the sale of goods of the same measure. The act has been adopted in 11 other states.

By Turner, an act taking pictures for rogues' galleries before conviction. Also prohibits any picture or drawing being published before conviction. The vote on these measures was 119 to 2.

ELKS OBSERVE FLAG DAY

There was a large attendance at the regular session of the Elks lodge last evening at which time a class of six members were crowned with the antlers of the order. At the close of the work the annual flag day exercises were carried out according to the new ritual adopted a little over a year ago by the Grand Lodge. The work is very pretty and appropriate for the day. Refreshments were later served in the banquet hall.

doms Expenditures For
Three Months

WAR SUMMARY.

(Associated Press)
Premier Asquith, moving a vote of a credit for \$125,000,000,000, informed the House of Commons today that the expenditures during the following three months will not be less than \$15,000,000 daily.

The house voted another credit of a billion and a quarter, making a total of \$4,310,000,000 voted for the war.

Big Force To Meet Italians.

Innsbruck dispatches say that 25,000 Austro-Bulgarian troops yesterday left Trent and are now advancing against the Italians on the Riva-Rovereto front. Rome tells of minor engagements along the Isonzo river and says the Austrian loss may have been serious.

Russ Retake Trenches.

Petrograd officials claim the recapture of almost all of the advance trenches north of Przemyśl which had been taken by the Austro-Germans. Constantinople says the Turks have won a victory over the Russians in Transcaucasia.

Deny Loss of Ship.

London officially denies the report that the British battleship Agamemnon was sunk in the Dardanelles by a submarine.

Lusitania Inquiry.

An inquiry into the loss of the Lusitania was opened in London today. "The Lusitania was not armed and had never been fitted out as a transport," said Attorney General Carson, representing the Board of Trade.

Nothing will be made public concerning the wireless orders sent the ship by the Admiralty, as this evidence will be taken in private. All passengers, including the late Alfred Gwynn Vanderbilt, will be represented by counsel.

Gerhard In Norway.

Meyer Gerhard, enroute to Berlin at the instance of the German ambassador at Washington, to present his views of American policy, has arrived in Norway.

Bombarded Karlsruhe.

Five hostile airmen bombed Karlsruhe, Baden, 45 minutes this morning. Several persons were killed and wounded.

The British trawler Argyll was torpedoed and sunk. Of the crew of 11, four were saved. The Overseas News Agency says: "London newspapers admit submarines have sunk 45 merchant ships in one week." The losses to the British navy to May 31 were 13,547 of whom 8,245 were killed.

Losses In Austria.

Innsbruck says the Austrian casualties in the vicinity of Gorz and Gradisca were 1500 and the Italian losses almost as large.

George J. Fruin, Dixon.

Former Secretary Says United States Navy Is Deteriorating

(Associated Press)
New York, June 15.—George von L. Meyer, who was Secretary of the Navy in President Taft's cabinet, addressing the Peace and Preparation Conference of the National Security League at luncheon today, asserted that the American navy is deteriorating, outlined the respects in which he believed such to be the case and urged that investigation of the national defense and a comprehensive plan for the future should be made obligatory upon the next congress.

Lack of battle cruisers, airships, armed aeroplanes and men, lack of a naval reserve of experienced men lack of a comprehensive policy of national defense, lack of general public knowledge of the navy's condition, reduction of complements of some ships to many other and newer ships and general unpreparedness on the part of many battleships and other fighting units were enumerated as instances of naval inferiority. Mr. Meyer said in part:

"Of the 33 battleships we have but 21 that are fitted for service without long delay. Furthermore, we have

about 70 miscellaneous fighting ships not prepared for service in case of emergency.

"We lack battle cruisers, airships and armed aeroplanes.

"Our submarines are in a crippled condition.

"The complement of all torpedo destroyers has been reduced from 15 to 25 per cent to get men to commission new boats. This reduction in personnel is a serious handicap, reduces the efficiency of the destroyers, affects contentment and prevents the boat being kept in good condition.

"The Atlantic fleet alone needs 5,000 more men.

"The Reserve fleet at Philadelphia was largely depleted in order to get a crew for the Alabama when she was ordered to Hampton Roads to enforce neutrality.

"The review in New York this year was a poor imitation of previous reviews, in that the reserve fleet was absent. It was a mere parade, not a mobilization. It did not indicate the true condition of the navy because

CARNIVAL SPIRIT IS APPARENT AS PEOPLE CIRCUMVENT STRIKE

ELEVATED TRAINS ATTEMPT FIF-
TEEN MINUTE SCHEDULE
DURING DAY

ATTEMPT TO WRECK ONE TRAIN

Two Men Tried to Drop a Heavy
Plank In Front of South Side
Elevated Train

(Associated Press)
Chicago, June 15.—The carnival spirit which was displayed yesterday by the million and a half of people whose transportation was cut off by the strike of the street car men was again in evidence today.

Coal, ice and express wagons and motor vehicles of every description continued a thriving business in human freight, with fares ranging from ten to fifty cents. Several concerns whose employees number into thousands operated bus service in transporting their workers.

Roads Add Trains.

Steam railroads provided more accommodations today following a fifty per cent increase in business yesterday. One train was so crowded that thirty men found seats on the coal tender, in the engine cab and on the cow catcher.

No Surface Cars.

Not a wheel was turned on the surface lines today, but the elevated trains from the northern and southern terminals started at 9 o'clock this morning with detectives, but few passengers aboard. An attempt will be made to maintain a fifteen minute schedule until midnight. There has been no disorder.

Shop By Telephone.

The big department stores reported that the reduction of business yesterday was amazingly small, as thousands shopped by telephone. The Chicago Telephone company handled three million telephone calls yesterday, an increase of fifty per cent.

Attempt to Wreck Train.

Two men stood on the fire escape along the right of way of the South Side elevated this morning and tried to throw a big plank in front of a train, but it landed at the rear of the last coach and bounded to the tracks. The men escaped.

That the first police guarded surface cars will make their appearance on the streets Wednesday morning was declared probable by those in close touch with the situation but the officials of the surface lines declined to make a statement as to their immediate plans. It was admitted, however, that non-union men have been engaged to man a limited number of cars and that an attempt to operate will be made within forty-eight hours. Early action on the surface lines was also forecasted in a communication sent to Mayor Thompson by President Busby requesting police protection and stating that service would be resumed at an early date.

There was but one act of violence reported during the day, and that was when some misguided strike sympathizer hurled missiles at an elevated train. A detective sergeant acting as a police guard was slightly cut by broken glass.

Surface Tieup Is Complete.

The tieup of the surface lines was complete. Not a wheel turned on the 1,000 miles of track within the city limits after five o'clock in the morning.

State Seeks Arbitration.

"WE ARE PLEDGED TO USE FORCE AGAINST GERMANY"-STIMSON

FORMER SECRETARY OF WAR SAYS CONGRESS SHOULD BE PROVIDING ARMY.

OUR NEUTRAL RIGHTS VIOLATED

Calls Attention to Way Switzerland and Holland Kept Neutrality Inviolable.

(Associated Press)
New York, June 15.—Immediate preparation for a national defense to meet any eventuality was urged by Henry L. Stimson, Secretary of War in the cabinet of President Taft, in an address in Carnegie hall before the National Security League.

"The main danger of war today," said the former secretary, "lies in the fact that we have so acted in the past as to give no good reason for believing that we do not really mean to protect our rights. The surest way to get into a fight is to use strong language and then stand with your hands in your pockets. Is there a man who doubts President Wilson's note to Germany would receive more attention if it were known that our navy was in readiness and our 'free people' in the language of Washington, 'disciplined and trained to arms'?"

Mr. Stimson opened his address by calling attention to what he described as "the acute issue that has arisen because of the destruction of American lives on the Lusitania." He disclaimed intention of saying anything that might embarrass the government but declared that he considered it his duty and the duty of every American citizen to help create an intelligent public opinion. Mr. Stimson asserted that the development of the rights of the neutral has been the means of "putting the brakes upon savagery," and then continued in part as follows:

"In the old world the rule that 'he that is not for me is against me' was universal and literal. But gradually for the modern world there have been won great areas of neutrality into which the clashes of belligerents have not been supposed to enter—buffers of civilization against the shocks of war.

Reverts to Primitive War.

"Today we are face to face with the European war in which one of the combatants has reverted to the thorough-going logic of primitive warfare. Finding force to be the ultimate factor in war, she has declined to recognize any inconvenient restrictions upon the use of force which interfered with her purposes or methods of warfare. The neutral rights of Belgium territory lay between her and her goal and she trod them under foot, unable to harm the fortresses or battlefields of her island enemy, she has not hesitated to bombard unprotected towns and villages, to torpedo unarmed merchant vessels. It was inevitable that such an attitude must sooner or later bring Germany into antagonism with the rights of every neutral nation dwelling in or doing business in Europe and so eventually the inevitable clash has come without rights.

Concerned in Results.

"We were not concerned as a nation in the origin or cause of the war; we are now vitally interested in the results. We cannot stand by and see centuries of progress swept into the dustheap, without vital injury to our national rights. From the Consolat del Mar—that maritime code which regulated sea trade in the middle ages—until today, it has been beyond dispute that the lives of neutral passengers, even on the merchantmen of one's enemy, must be protected. This right of our neutral citizens, sanctioned by centuries of international usage, Germany has trodden down on the plea that it embarrassed her warfare, just as last August, on a similar plea, she trampled on the neutral rights of Belgium. Only the width of the Atlantic, not Germany's forbearance nor our power of self-protection, made the loss which we sustained less than that of Belgium.

"If the government of the United States is not to omit any act necessary to the performance of its sacred duty, it stands pledged by this declaration in President Wilson's note of May 13, to the use of force if Germany persists in her attacks upon our citizens traveling on the high seas.

What Should We Do?

"Under these circumstances, with matters in this condition, what ought we, the American people, to do? What have other neutral nations done when placed in a similar situation? On the news of the invasion of Belgium, the Republic of Switzerland and the Kingdom of Holland at once mobilized their troops and guarded their borders. Today the frontiers of these little countries are inviolate, their honor is safe and they stand before the nations of the world as having done their utmost to protect the rights of neutrality. Is our standard of duty different in measure or in kind from that which has guided these neutral countries? Is the right which in our case has been violated less important than the right which in their case was only threatened? They were threatened with trespass upon their territory. With us, over one hundred American lives have been destroyed on the Palatia, the Gulfight and the Lusitania. Assuming that these countries acted prudently and wisely in preparing to defend their rights by force, our obligation is greater than theirs in proportion, as the right that has been infringed was more sacred than their rights which were threatened.

"Unfortunately, we have but slender foundations upon which to build a policy of temperate firmness like that of our fellow neutrals. Practical-

ly not one step has been taken except to advertise to the world our impotence."

Urges Training.

Mr. Stimson discussed at length the military resources of the United States, urged the training of young men to be officers in volunteer armies and advocated the preparation with all possible speed of supplies and munitions. He gave it as his opinion that congress should now be in extra session "making up for its failure to heed during regular session the recommendations made to it by military and naval officials." In conclusion he said:

"In the face of this great responsibility which is testing our nation as it has been seldom tested before, it is time for us to strip off our smug delusions and to bravely face the facts which govern the world of today; to realize that the voice of America will be given just that weight and no more in the councils of nations to which it is entitled by the justice, the temperance and the willingness to make sacrifice on our part which lies behind it."

BOOKS NEARLY ALL IN.

Assessors Thomas Halligan of Marion and George R. Emmert of Nachusa townships yesterday returned their report to Supervisor of Assessments John E. Meyer. Nearly all of the books are now in and the work of getting out the assessment list for publication is progressing rapidly. The law requires that the lists be published before July 15.

SUNDAY SCHOOL PICNICS.

A Sunday school picnic is a method of testing the Christianity of a Sunday school teacher.

Sunday school picnics cannot be held in uncivilized countries because the teachers are too likely to massacre the pupils before evening. It is a big risk, even in America, which is so kind hearted that it allows the Mexicans to kill each other off by the thousands rather than to hurt their feelings. Many young men have been fine characters until they took Sunday school classes and in an evil moment chaperoned a Sunday school picnic. Afterwards they have disappeared from polite society and train robbing has become much more prevalent in that vicinity.

The object of a Sunday school picnic is to keep the boys from getting into the lunch before dinner time and from getting into the morgue before night. One large man with a club could protect the dinner and a few fathoms of dog chain would protect the boys. But Sunday school picnics

aren't scientific and rely on kindness and other amateurish methods. The result is that usually when the lady who has baked a raspberry pie attempts to cut it at noon she discovers that her neighbor's blue-eyed angel has eaten the heart out of it and placed the rest where little Gussie Jones, who wears curls, will sit on it if properly encouraged.

It takes about a dozen boys to pull off a really successful picnic, though half a dozen can create enough excitement if there is deep water near by. No Sunday school picnic is worth remembering unless it produces at least 1,000 regrettable thoughts in the teacher's mind. These thoughts can best be produced as follows:

- Upsetting lemonade tub, 15.
- Tampering with pies, 25.
- Fights, 10, 3 for 25.
- Torn clothes, 1 for teacher, 100 for parents.
- Stolen ice cream, 35.
- Falling in creek, 75.
- Putting frog in pocket, 150.
- Driving cow across table, 250.
- Disturbing hornets' nest, 100 to 11,000.
- Getting lost, 100.
- Sailing pie plates in creek with silver spoons in them, 250.
- Broken leg, in morning, 500; in afternoon, trace.

union of the striking employees. Attention is called to the duties placed upon the board by statute providing that it may be requested by the mayor or either of the contending parties, or may intervene whenever it seems likely that the public will suffer inconvenience or deprivation of communication or transportation.

It is stated that the time has now arrived for intervention by the board and the co-operation of all parties hereafter is requested. In the communication sent to both traction and union officials, either party was invited to ask the board to take up consideration of the questions involved, such application to be submitted to the board not later than 11 a. m. today, at the same time promising to continue in business or at work without lockout or strike pending the decision of the board, provided such decision shall be given not later than three weeks from the date of the signing of the application.

CHICAGO MEASURES CHOKES LEGISLATURE

Public Utility Bill on Last Lap in Illinois House.

Springfield, Ill., June 15.—Twenty-one Chicago bills are to meet their fate this week. Only that many remained on the house and senate calendars when the forty-ninth general assembly began its twenty-fourth and final week. The three public utility bills, which have passed the senate and by many are considered the most important in sporting parlance are "In the running." Their first tryout was before the house public utilities committee, of which Edith McCormick is chairman, at 7 o'clock last night.

The utility companies are said to be willing that all three bills should pass. The Chicago administration, despite its apparent fight last week for the bill restoring control to the council, is not opposing any of them. Considerable opposition, however, has developed from other sources and they will not have as easy sailing in the house as they had in the senate, where the Barr-Dalley-Ettelson combination controls. The city control bill is the least acceptable of the three to the utility corporations, but it is not believed they are strong enough to get the other two through first and then leave it in the lurch.

Blown to His Death.

Mendota, Ill., June 15.—During a severe wind storm here Frank Roles, an Illinois Central railroad brakeman, was blown from his train and killed. He was twenty-four years old and had relatives at Normal, Ill.

Annual Pilgrimage of Monks.

Edwardsville, Ill., June 15.—The monks of Shokla will make their annual pilgrimage to Monk's mound on the night of June 18. On this trip a large class of candidates will be initiated.

Farmers Fish With Pitchforks.

Duquoin, Ill., June 15.—As a result of the heavy rains the drainage district of Jackson county, south of Duquoin, has become filled with water and farmers are fishing with pitchforks.

ROUMANIA SIGNS PACT WITH RUSS

Report Says Tentative Agreement Opens Way for War.

ITALIANS PUSHING ADVANCE

Tyrol Governor Flees—Vienna Disputes Claims of Victories Made in Rome — "Italians Getting Good Whipping" Is Official Statement— Situation Favorable, Says Baron Burian.

Rome, June 15.—Roumania has signed a tentative agreement with Russia, removing the obstacles preventing Roumania from entering the war on the side of the allies, according to a telegram received by the Montenegrin minister here.

Italians Approach Nebrésina.

Rome, June 15.—With Montefalcone in the hands of the Italian army, which forced its way across the lower Isanzo, the offensive campaign against Trieste has been resumed with great vigor, pushing along the coast line toward the most important Austrian city on the Adriatic. The capture of Trieste now seems certain.

Nabresina, on the Gulf of Trieste, nine miles from the city, is the next immediate objective, after the capture of which the Italians will be in a position to pour a heavy artillery fire directly upon the city. So serious is the situation for the Austrian port that the governor of Trieste has already transferred his residence to Adelsberg, the treasury has been sent to Lezana and the chamber of commerce has been transferred to Vienna.

Italian Claims False, Vienna Says.

Vienna, June 15.—Baron Burian, the Austrian minister of foreign affairs, has cabled to Constantin Dumba, the Austro-Hungarian ambassador to the United States that the Italian foreign office is misrepresenting the situation in the southwestern theater of war. "The situation of our troops in all theaters of war is exceedingly favorable," said Baron Burian. "The Italians are getting a good whipping, especially along the Isanzo river."

FAMILY THEATRE.

A very pleasing novelty bill in the line of vaudeville opened last evening at the Family for the first three days of the week in which Vail & Sister, an English novelty act, introduced magic, cartooning, singing and dancing, and George Stanley, a delineator of old character studies of the south appeared in character sketches and sang southern melodies. Both the acts were highly entertaining.

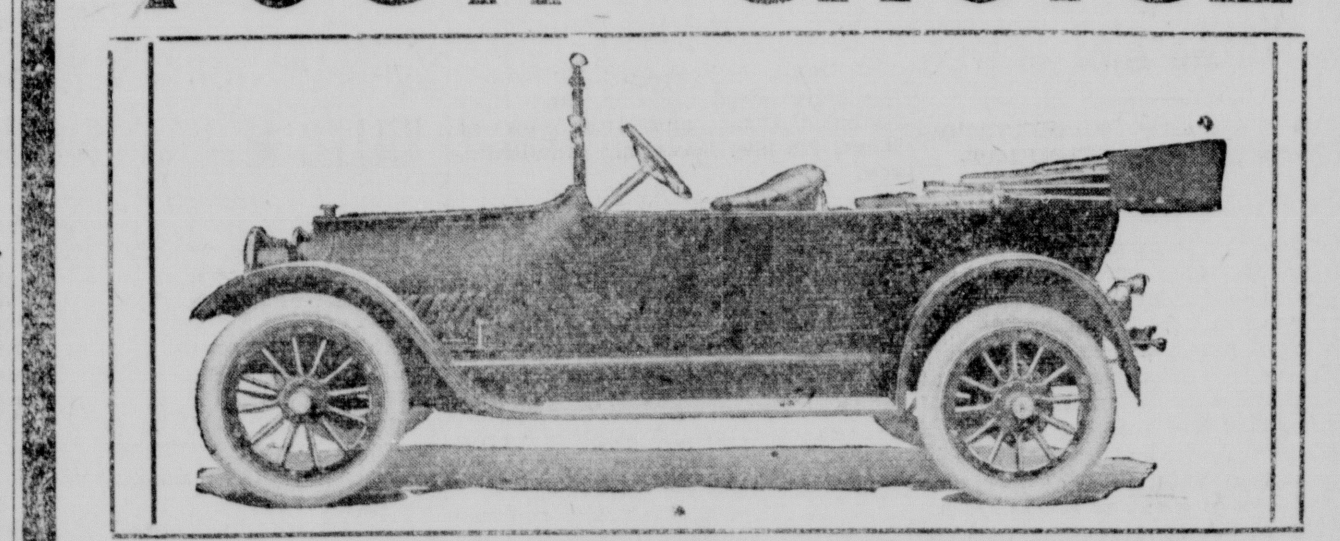

A special feature of the bill for this evening will be pictures, consisting of a one reel subject of Annette Kellerman in diving novelties and the great comedian, Charles Chaplin in his greatest comedy, The Tramp, in two reels. The Battle of Frenchman's Run in two reels, with Dorothy Kelly and George Cooper in the leading roles, will also be shown, making five reels for the evening.

PRINCESS THEATRE.

YOUR CHOICE

NO illustration can possibly do the charming Auburn beauties justice though these will give you a faint conception of what you may expect. You must actually see the car and go over every feature to realize how modest these statements are. Each model is a perfect exemplification of art of motor car building and the same care and striving for perfection have been exercised in every detail in both Auburn Sixes and Fours.

GO OVER AUBURN WITH A CRITICAL EYE

Compare it with other cars in those points you know mark the real efficient car, check up the liberal specifications and note it is completely equipped. Your opinion will surely coincide with that of other unbiased judges - that Auburn Cars contain every essential to motor car efficiency, ease of operation, appearance, and will insure the owner of the maximum pleasure of motoring at minimum expense.

Lievan-Gerdes

The German Lutheran parsonage of this city was the scene of a pretty wedding this morning at 10 o'clock, when Miss Ida Grace Gerdes was united in marriage to Walter Lievan. Miss Gerdes is the daughter of Mr. and Mrs. Benjamin Gerdes of Marion township and the groom is the son of Louis Lievan, also of Marion. Rev. Theodore Drexel performed the ceremony.

Miss Mattie Gerdes, a sister of the bride, and the groom's brother, Avery Lievan, were the attendants. The bride was charmingly gowned in white voile over white silk, with heavy lace trimmings, and her bridesmaid wore pink silk.

Following the ceremony a wedding reception was held and luncheon was served at 12 o'clock at the home of the bride's parents. The table was prettily decorated in pink and white carnations, with white wedding bells suspended above. The immediate families of both the bride and groom and a few friends were present at the luncheon and reception.

Mr. and Mrs. Lievan will take no trip but start housekeeping at once at the Lievan home place. The numerous friends of both bride and groom wish them every happiness.

D. A. R. Flag Day Meeting

Despite rain and threatening clouds there was a large attendance at the June meeting of the Daughters of the American Revolution, held Monday at the home of Mrs. Morrison H. Vall. Enthusiasm is a characteristic of the Dixon chapter, over coming weather conditions and making the meetings both interesting and instructive. There was no set program but many of the members gave historic incidents connected with the flag. The story of Mrs. Betsey Ross, who had the honor of making Old Glory in its permanent form, was told. She was an expert needlewoman and General Washington, Robert Morris and Colonel Geo. Ross called upon her with a crude draft of the flag she saw at a glance that the star had six points. By one clip of her shears she eliminated the superfluous point. A certificate to the Betsey Ross Association, issued to Mrs. Christina M. Fillmore of this city, was exhibited, showing the very room where this interview occurred, with Mrs. Ross, General Washington and Colonel Ross in the foreground. At the side is a front view of the house which stands on one of the principal streets of Philadelphia which was purchased by the Betsey Ross Association.

Miss Laing sang, "Freedom's Flag," by Lictor, which was appreciated as eminently appropriate to the occasion. Miss Hitchcock gave an Indian lullaby, "The Moon Man." After the impromptu program a beautiful and appetizing supper was served. The daughters then dispersing, carrying with them pleasant memories of the past year's meetings, to gather again in October. Press Correspondent.

Farewell for Pastor

Members of the Baptist church and congregation spent last evening with Rev. and Mrs. E. O. Bradshaw, who are being entertained at the home of Mrs. James Lennon on Crawford avenue during the moving of their household goods. The affair was in the nature of a farewell as Mr. and Mrs. Bradshaw soon leave for Chicago where Mr. Bradshaw has charge of the Daily Vocational Bible Schools as superintendent.

A delightful social evening was enjoyed and dainty refreshments were served by the young ladies of the church. When the hour for departure arrived the guests showered good wishes upon the pastor and his wife for success in the new home and their work in the city.

ANSWER TO HYPHENATES.
No finer exposition of Americanism has been heard in Cleveland than the words of Mayor Blankenburg of Philadelphia before the City club the other night. "Should there come a conflict between this country and any other power, old as I am, I would be glad and proud to take up a musket for the Stars and Stripes."

Born in Germany, the Philadelphia executive came to the United States a young man. In his heart beats the same tender remembrance of the Fatherland that beats in the hearts of thousands of other American citizens. As proud as they of their German heritage, as much attached as they to the many good things for which the German nation stands, as thoroughly imbued with German aggressiveness, efficiency and learning, Blankenburg in his supreme moment considers himself, not a German, but an American.

Here is the answer to the hyphenates. This is the attitude of an intelligent adopted American who still sees in the flag of the republic the same promise, the same glory and the same emblem of opportunity that inspired him to seek this new home beyond the sea.

It rings true—this utterance of a German proud to be an American. It forms a refreshing contrast to some of the treacherous sentiments being voiced under various guises in these troublous days. "Old as I am, I would be proud to take up a musket."—Cleveland Plain Dealer.

ONE MILLION MEN KILLED.
The casualties in the British army up to the close of last week were given at 258,969. From this basis it is figured by military experts that the casualties of all the armies involved in the war total more than 7,500,000 men. Of this number it is estimated that 1,000,000 have been killed and 4,500,000 wounded and the rest missing, the larger part of the missing being prisoners. The rate of loss is estimated at 750,000 a month and it is calculated that in two years or a little more from the beginning of the war the entire military establishments of all these countries as they stood July 31, 1914, will have been wiped out. This is on the assumption that the military equipment will remain as now but all the countries are adding to the efficiency of their guns so that the destruction wrought may increase over the present rate. It is frightful to contemplate a war ending only when the efficient fighting forces of the countries involved are exhausted—all dead or incapacitated—but that may be the outcome if its fury is not stayed.

MARK KELLER'S RESIGNATION.
It is hoped that City Attorney Mark C. Keller can be induced to withdraw his resignation tendered to the City Commission removing himself from that important office. Attorney Keller has guided the city officials through the thickest of the legal tangles that confronted the city during the change from the aldermanic to the commission form of government, and his work has been very difficult, as Dixon was one of the pioneers in the new department form of government and helpful precedents were not available. Dixon appreciates the work Mr. Keller has performed in such an able manner and the Telegraph joins with the city commission in hoping Mr. Keller can arrange to continue as the city's chief legal adviser.

DR. SERGEANT'S WOMEN.
We trust that Dr. Dudley A. Sergeant will pardon us if we smile too broadly over his assertion that women are just as well fitted for military duty as men. On many occasions we have interestedly gazed at what we ever love to call the sweet sex. Not only have we seen them try to plough, chop wood and do many other things of a masculine turn, but we have also watched their impotent efforts in dragging an obstreperous cow across a road. And so, with our memory green of these things, we are impelled to believe that Dr. Sergeant must have drawn on his imagination instead of studying the fashions, if he really thinks that woman is qualified to haul cannon, sling torpedoes and dig trenches.—Philadelphia Telegraph.

Commissioner Van Bibber is planning out a system of city garbage removal and promises to have it in working order when hot weather comes. Good for the Commissioner. He will win the heart-felt thanks of every woman in Dixon, and the men also, for that matter.

Every once in a while the city sends out a big revolving street brush to clean the brick pavements, and when the outfit gets through making a tour of the streets the improvement is very apparent.

They are very silly to be shooting each other in Europe to please some monarch or other, but in this country they still rock the boat as one of the most popular out-door sports, which really doesn't take near as much brains.

How about that country club? Cannot Dixon equal the enterprise of Princeton, Ill.? They have a splendid country club in Princeton.

Some public officials resign when they see squalls coming their way, but City Attorney Mark C. Keller resigns when the hard work is all over.

MIGHT BE WORSE.
The window sash came hurtling down on Kickshaw's shapely head and neck; it nearly spoiled his tollworn crown, and made his ears a hopeless wreck. Then Kickshaw sat and nursed his head, a man reduced to grievous pass; yet, with a cheerful smile he said, "I'm glad it didn't break the glass." He might have ripped around and swore, till people heard him round a block, or kicked a panel from the door, or thrown the tomcat through the clock; he might have dealt in language weird, and made the housewife's blood run cold, he might have raved and torn his beard, and wept as Rachel wept of old. But Kickshaw's made of better stuff, no tears he sheds, no teeth he grinds; when dire misfortune makes a bluff, he looks for comfort, which he finds. And so he bears his throbbing ache, and puts a poultice on his brain, and says, "I'm glad it didn't break that rich, imported window pane." It never helps a man to beef, when troubles come and knock him lame; there's solace back of every grief, if he will recognize the same.

SAXON ROADSTER \$395

For Horse and Carriage Owners

How much does your horse and carriage cost you per month? How much of an investment do they represent? How much do you use them?

Think over these three questions—then compare the horse and carriage cost with that of the Saxon—whether the 5-passenger "Six", at \$785 or the 2-passenger roadster at \$395.

For the price of a horse and carriage you can own a Saxon. For the cost of maintaining them you can easily operate a Saxon.

Let us take you for a ride in the Saxon.

150,000 LOST IN GERMANS' DRIVE
Petrograd Optimistic Over Eastern Outlook.
CLAIMS FOE'S LOSS COLOSSAL

Report From Russian Capital Declares That One Entire Army Has Been Destroyed in Month—Lemberg and Warsaw Safe From Teutons, Is Assertion.

Petrograd, June 15.—The general situation is regarded as favorable. In Galicia the wastage among the German troops has been colossal. Information received here from trustworthy sources is that in the course of a single month one German army of eight divisions was entirely renewed, having lost in that period 150,000 men, or 100 per cent of its effectiveness.

Along the San the Germans are digging themselves in, and an early suspension of active operations is expected in that district, especially as the Russian position in front of Moseiska has been greatly strengthened. No immediate danger threatens Lemberg, as the town can only be reached after a series of fierce battles on positions prepared by the Russians.

Situation in North.
A favorable view also is taken of the situation in the Kovno government and in Courland. The German cavalry raiders on the Russian flank have been defeated near Shaknoff, twenty miles to the north of Shavli, and flung back to the west. The Russians simultaneously have made some progress to the south of Shavli between the railway and the Dubissa.

The Russians have had a minor success on the Niemen where the Germans are trying to entrench themselves. Importance is attached to the renewal by the Germans of aggressive operations on the Bzura, where on Friday night and Saturday they put into action nearly an entire corps on a four mile front to the southwest of Sochaczew.

No Danger to Warsaw.

However, apparently there are no reasons to fear any danger to Warsaw soon from this direction. The revival of German activity to the north of the lower Vistula and on the Narow is not taken seriously.

SALOONS DIMINISH ON KAW
Applications for Licenses Drop From 616 to 527 in Year.
Kansas City, Mo., June 15.—Only 527 applications for saloon licenses will be considered July 17, when the licenses for the ensuing six months are granted. The reason the term "only" is used is that last year at this time 616 applications were on file.

Wilbur P. Hall, secretary of the police board, believes that the slump in the saloon business in Kansas City is due, first to a growing prohibition sentiment and the ban put on the use of liquor by employers in all lines of business, and second, to stringent regulation policies put into effect by the police board in the last year, some of them being the throwing out of tables and chairs and removing the "horseless" pianos and dice boxes from saloons.

BIG DEBT LOADED ON STATE
By Delaying West Virginia Must Pay \$12,292,522.
Washington, June 15.—The supreme court decided the long standing Virginia-West Virginia debt case, holding West Virginia should pay \$12,292,522 as its net share of the Virginia debt at the time of the partition of the states.

West Virginia is required by the court to pay \$8,178,600 in interest computed at 3 per cent from 1891 to date and 4 per cent from 1891 to 1891.

Georgia Mob Lynches Negro.
Toccoa, Ga., June 15.—Sam Stephens, a negro, was taken from the Stephens county jail by a mob of more than 100 armed men, hanged to a nearby tree and shot. He was accused of attacking a sixteen year old white girl.

Dr. Isaiah Villars Dies.
New Lenox, Ill., June 14.—Dr. Isaiah Villars, former president of McKendree college at Lebanon, Ill., and one time chaplain of the 101st regiment, died in his home at New Lenox. Dr. Villars was seventy-six years old and a veteran of the civil war.

Morgan Gives Hope for Hospital.
London, June 15.—P. Morgan has offered to contribute to Queen Mary's convalescent hospital, an institution recently organized for sailors and soldiers who have lost their limbs. Doctor House is to be used for convalescing officers.

A "STRANGE" CASE HERE IN ILLINOIS.

Creal Springs, Williamson Co., Ill.—"My malady was somewhat a curious one, called by my family physician enlargement of the liver. I would suffer from smothering with severe coughing. The attacks would come upon me after I would go to bed or upon rising in the morning, but I am glad to say that after taking five bottles of Dr. Pierce's Golden Medical Discovery I feel myself completely cured and I recommend this remedy to all."

"I wish you the success you certainly deserve."—Miss S. S. Gula, Creal Springs, Williamson Co., Ill.

It had been known that makes your liver sluggish and the same bad blood causes your stomach muscles to lose their elasticity and become flabby and weak and that means indigestion.

Doctor Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics, is the great and powerful blood purifier of to-day. It is extracted from American forest roots with pure triple refined glycerine.

Take it as directed and it will stimulate the liver and put it into healthy action and search out impure and poisonous matter throughout the system and eliminate it through the natural channels.

It will furnish you with the kind of blood that increases energy and ambition, that puts the entire body in such perfect physical condition that brain or muscles know no fatigue.

Get Dr. Pierce's Golden Medical Discovery from any medicine dealer to-day in either liquid or tablet form.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

MUCH RAIN IN MISSOURI.
The rainy period of the past few weeks appears to have extended pretty well all over the country while in some localities the rainfall has been much heavier than in others. In speaking of the rains at Utica, Mo., where W. B. Merriman, formerly of this city is now located, it rained practically every day from May 18 to 31. In the twelve days that it rained over 13 inches of water fell.

PEACE-AT-ANY-PRICE
MEN HIT BY COLONEL

They Would Make U. S. "China of Occident," He Says.

New York, June 14.—Colonel Theodore Roosevelt whacked the peace at any price men in a letter which was read at the afternoon session of the conference on "peace and preparation" under the auspices of the National Security league. While much of a striking character was said at the afternoon session devoted to the army, the colonel's attack on the pacifists stood out as the feature of the first meeting.

He spoke of such men encouraging both individual and national cowardice. He referred indirectly to Mr. Bryan's arbitration policies; said that the professional pacifists are trying to make the country "the China of the occident." He asserted that "an ignoble peace may be the worst crime against humanity" and he said, "We are heartily ashamed of ourselves for our craven abandonment of duty in not daring to say a word when The Hague conventions were ruthlessly violated."

The letter was written by Colonel Roosevelt to Hudson Maxim, who read it. It seems that Mr. Maxim had offered copies of his book, "Defenseless America," to the graduates of the different universities. The class of Boston university refused it and sent a letter to Mr. Maxim's publisher. That letter was shown to Colonel Roosevelt, who wrote to Mr. Maxim.

COMPTON NEWS

Compton, June 14.—The children's day exercises in the U. B. church Sunday evening was pronounced good by all present. The attendance was large.

The Kings Daughters held an interesting meeting at the home of Mrs. W. H. Otjen Monday evening.

Ivan Fox, son of Mr. and Mrs. Jesse Fox, was taken to the Rochelle hospital Saturday where he underwent an operation.

Mrs. Lena Kerns and child are here from Carmi for a few weeks' visit with her parents, Mr. and Mrs. Levi Beemer.

Mr. and Mrs. John Thompson visited a few days last week with their son, Otis and family at Hinsdale, Ill.

The Ladies Aid Society met in the Methodist church parlor Wednesday afternoon and did various kinds of sewing.

Miss Sylvia Remington of Tampico has been visiting at the L. E. Colberg home the past week.

Mr. and Mrs. Charles Stout visited relatives in Savannah last week.

Mrs. Jesse Eddy had the misfortune to fall Wednesday and fracture her ankle.

Miss Anne Otjen has been home from Evanston the past week.

Mrs. Flemming of Paw Paw spent Sunday with Mrs. Abram Bennett.

Mrs. Daisy Paine is able to be out again after a few weeks' illness.

Miss Nellie Oederkirk went to Colorado the first of the week to spend the summer months with relatives.

LUSITANIA GUN STORY FLATLY CONTRADICTED

Government Will Refute Essentials of Stahl's Tale.

New York, June 15.—A statement which flatly refutes the essential details of the Lusitania affidavit made by Gustav Stahl, now in the Tombs on a perjury charge, was obtained in Washington, according to the local federal authorities from Heinz Hardenberg, a German secret agent who roomed with Stahl here and in Hoboken. Hardenberg, who was found by agents of the department of justice in Cincinnati, is being detained by the local bureau of investigation on a subpoena requiring his presence before the grand jury forthwith.

Another material development in the government's prosecution of the alleged conspiracy to defraud the United States by the use of the Stahl and supposedly corroborative affidavits, was the finding of the trunk owned by Leach, the Lusitania steward mentioned by Stahl, which Stahl insisted he helped to carry on board the steamer when he "saw" the alleged guns mounted on deck. The trunk was found in a west side boarding house and the federal authorities are prepared to show that it never went aboard the liner, as Stahl said it did.

French Destroy Submarine Base.

Athens, June 15.—(Via London).—Two French destroyers have been reported for forty minutes the German submarine supply base at Cheshmeh. All the sailing ships in the harbor were sunk and the customs and telegraph offices and petrol stores were destroyed. The Turkish garrison evacuated the town.

SAYS U. S. NAVY IS DETERIORATING

Continued from Page 1

the people did not know the whole truth.

"For lack of men, ships are laid up at navy yards, where they rapidly deteriorate, like a vacant house. All the small ships and all cruisers now laid up for lack of men are needed in Mexico and elsewhere, and should be ready for all emergency call to prevent the employment of battleships at gunboat duty. The complement of enlisted men at shore stations and training stations has been cut down, with a decided loss of efficiency; and greatly to the discontent and discomfort of the men.

"To enumerate the ships in the navy and make a list of the new ships authorized gives no idea whatever of the true condition of the navy as to its readiness for war. Ships without men are of little use, and a navy without a policy, and with no well considered organization at the Navy department will only invite a condition of chaos in event of war.

The statement of Assistant Secretary Roosevelt that we need 18,000 men, is undoubtedly true. The navy is deteriorating for lack of men. The target practice this last year is no better than it was ten years ago.

"Congress is negligent in not having established a national council of defense, a general staff and an organized naval reserve of 50,000 experienced men.

"In calling attention to these defects, I have not done so for the sake of criticizing the present head of the navy, for although I feel that he must be held responsible for the demoralized condition of the personnel and the decreased efficiency of the navy at the present time, yet the lack of any definite naval policy for many years, except in the General Board of the Navy, and the failure of the people and Congress to recognize the necessity for such a policy, has placed us in a position of inferiority, which circumstance may lead us to war, or cause us great embarrassment as well as discredit to the country.

"The investigation of our national defense and a comprehensive plan for the future should be an obligatory matter in our next Congress, for the navy belongs to the people of the

country, and they have a right to know its condition and how it is being managed. The mere appropriation of vast increased sums would not be instrumental in bringing about the necessary reforms or military efficiency of the organization, that can only be accomplished by an investigation of actual conditions, and a demand for needed changes in the way of military reforms, which would be forced upon Congress by an enlightened public sentiment.

"This investigation and knowledge has been denied to the people by the leaders of the party in power. It is deplorable that there should be an influence to deceive the people in a matter of such vital importance. We have reached a period in the world's history when it must be recognized that if we are to maintain peace, and safeguard the interests of our people, we must be prepared to defend ourselves. Let us not forget—as the nation is, so also are its government, its public, its army and its navy."

BURDENS LIFTED

FROM DIXON BACKS—RELIEF—
PROVED BY LAPSE OF TIME

Backache is a heavy burden. Nervousness, dizziness, headache. Rheumatic pain; urinary ills; All wear one out. Often effects of kidney weakness. No use to cure the symptoms, Relief is but temporary if the cause remains.

If it's the kidneys, cure the cause. Doan's Kidney Pills are for kidney ills.

Read about your neighbor's case. Here's Dixon testimony. The kind that can be investigated. Miss Della McGrail, 507 College Ave., Dixon, says: "My kidneys were out of order and I had pains through my back and sides. I used Doan's Kidney Pills and they cured me." (Statement given May 21st, 1912.)

On January 21st, 1915, Miss McGrail said: "The cure Doan's Kidney Pills gave me has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss McGrail had. Foster-Milburn Co., Props., Buffalo, N. Y.

Northern Indiana May Experience Extension of Chicago Strike.

Gary, Ind., June 15.—It is feared that the Chicago street car strike, which already affects Hammond, Whiting, Indiana Harbor and East Chicago, may also extend to the Gary and Interurban Railroad company, thereby affecting several more northern Indiana cities. For some time there has been dissatisfaction between the company and its employees. The company says it has received no demands and union members deny knowledge of a reported walkout.

The Gary and Interurban traction lines operate in Gary, Hammond, Indiana Harbor, Valparaiso, Chesterton, East Gary and Laporte.

VENIZELOS WILL COME BACK

Friend of Allies Is Winner in Greek Elections.

Athens, June 15.—The candidates of the party of M. Venizelos, the former premier, who gave up office on account of his policy in favor of war on the side of the allies, won in Athens in the elections and elsewhere through the kingdom his partisans were successful. They will control a majority in parliament, having won more than 200 seats in the chamber.

A change of ministry will be impossible until parliament meets, and the session may be postponed by the government for forty days. The present cabinet consequently may remain in power until the 15th of August.

OBREGON DENIES HE IS DEAD

"Report of My Death False," Says Carranza General.

El Paso, Tex., June 15.—The following telegram, dated at Leon, was received from General Alvaro Obregon by an El Paso friend:

"It is absolutely untrue that I am dead. The loss of my arm only delays the rapid march into the bandit's territory, which we will make within a short time. I will never become a party to any reconciliation with Francisco Villa."

DANIELS KEEPS U. S. MEN OUT

Secretary of Navy Lets National Security League Severely Alone.

New York, June 15.—Secretary of Navy Daniels again evinced his determination that the navy should in no way participate in the national peace and preparation conference being held here under the auspices of the National Security league.

He did two things that showed his attitude. First, he forbade a marine band, composed of players from the bands on several warships, to play at a mass meeting on national defense which was held in Carnegie hall and which was attended by three or four war and navy secretaries. Secondly, he ordered the Brooklyn navy yard to withdraw a crew of six men and a petty officer who had been assigned by Rear Admiral Usher, commandant of the navy yard, to attend the exhibition on the country's unpreparedness in the Hotel Astor for the purpose of explaining the workings of a torpedo.

will be at their best this and next week (ending the 19th). The berries are exceptionally fine, both in size and flavor owing to the good weather conditions for ripening.

We can not say when the cheapest prices will be made but according to outside markets, good berries are low enough as the growers can ship at present prices and net the usual price here at this writing. And again you will find that the few first pickings of a berry patch are the finest fruit of the season.

The tendency of sugar, jars and tops, is higher. They give the same old excuse—the war.
